TECHNOLOGIE BLUETOOTH : Liste des téléphones testés et recommandés par RENAULT

Bluetooth

Testé par un organisme indépendant (1) / Tested by an independent organization (1)

Légende / Legend :

Mise à jour / Update on : 11/07/2014

●	Fonction disponible Available feature	-	Fonction non disponible Unavailable feature		Ligne grisée : Grey line :	Téléphone testé non recommandé avec le système Renault : La qualité intrinsèque du téléphone n'est pas mise en cause, mais les conditions d'appairage entre le téléphone et le système mains libres Renault ne nous permettent pas de garantir un fonctionnement optimal et sécurisée du système (Mise en attente automatique, envoi de code sonore pour le pilotage de certaines fonctions, etc...) The phone has been tested but is not recommended by Renault. This is not caused by any quality issue of the phone itself; however the pairing conditions between the phone and the Renault system don't allow a fully functional and secure operation (automatic hold-on function, tone generation for vocal servers, Bluetooth link reliability).
